

TRAIN KILLS TWO AT SWIFT CREEK

Wrecker Runs Into Wagon,
Bringing Instant Death to Geo.
Perkinson and Sister.

YOUNG GIRL ALSO INJURED

With Arm and Leg Broken and
Suffering from Other Injuries
She Is Now in Hospital.

[Special to The Times-Dispatch.]
PETERSBURG, VA., April 22.—A Sea-
board Air Line wrecking train, hurrying
to a bad freight wreck at the
bridge over Hatcher's Run, near Bur-
ges, in Dinwiddie county, ran into a
two-horse wagon at a crossing near
Swift Creek, in Chesterfield county,
about 8:15 o'clock this morning, in-
stantly killing George Perkinson and
his sister, Mrs. John Shell, and seri-
ously injuring her fourteen-year-old
daughter, Miss Rosa Shell, who is at
the Petersburg Hospital with a broken
arm and leg and other injuries, but is
expected to recover. The wreck was
knocked into splinters, and the sea-
board found more than one hundred yards
away. One of the horses had to be
killed, and the other will prob-
ably die. Neither Mr. Perkinson nor
Mrs. Shell was run over by the train,
but both bodies were badly mangled,
nearly every bone being broken, and
the skulls fractured. A coroner's jury
viewed the bodies and will hold an
inquest to-morrow morning at 10
o'clock.

Could Not See Train.

Mr. Perkinson was a well-to-do
farmer, about sixty years of age, and
lived near Hatcher's Bridge, about a
mile and a half from the village of Swift
Creek.

Mrs. Shell was fifty years of age,
and lived in the vicinity of the village.
She is survived by her husband, nine
children, and several sisters.
The crossing where the accident oc-
curred is in a cut on the Seaboard
Air Line track about two hundred yards
south of the creek, and within one
hundred yards west of the Swift Creek
village public school. Any one ap-
proaching the crossing from the west
could see a train from the north be-
cause of a hill, and it is understood
that the unfortunate people did not
hear the whistle of the train because
of a strong wind blowing.

Several cars of a freight train went
through a bridge over the creek, and
near Burges, in Dinwiddie county,
early this morning, and one of them,
loaded with matches, caught fire, re-
sulting in the burning of the whole
train. No one was killed or fatally
injured. The locomotive and six cars
had passed over the bridge when the
crash came. It was to this
wreck that the train which killed the
people at Swift Creek was going.

STOLEN BONDS IN THE MANHATTAN

Unexpected Find May Reduce
Shortage of Trust Company's
Loan Clerk.

LOSS IS FIFTY THOUSAND

Man Arrested Believed to Have
Been Used as Tool by Others
Who Planned Robbery.

NEW YORK, April 22.—A portion of
the bonds alleged to have been taken
from the Trust Company of America
by William O. Douglas, who is under
arrest on a charge of larceny, were
recovered to-day in an apartment in
the Manhattan Club, according to
Oakley Thorne, president of the Trust
Company of America. The club offi-
cials refused to either affirm or deny
the story.

In the light of these late develop-
ments it was declared that Douglas,
who had been in the employ of the
trust company as assistant loan clerk,
was not the principal in the robbery,
but merely the tool of others.
Douglas will be rearrested in Pol-
ice Court late to-morrow afternoon.
He was taken into custody to-day, but
no representative of the trust com-
pany was present, and the case was
put over.

Mr. Thorne said to-night that part
of the bonds had been recovered and
that he hoped the remainder would
be in the hands of the company to-
morrow morning.
He declined to discuss the method
of the bonds' recovery. He said the
Douglas shortage amounted to only
\$50,000.

It was reported that the arrest of
Douglas is expected to be followed
by the arrest of a man who registered
for Douglas at the Hotel Portland in
West Forty-seventh Street, as "W. H.
Gray and wife, Boston."

It was stated this afternoon that
Mrs. Douglas had disappeared, and her
friends became exercised over her ab-
sence. She was found to-night, how-
ever, at the home of her parents in
Brooklyn.

COLORED HOME.

Subcommittee Has Nearly Com-
pleted Plans for New Building.

The sub-committee on Relief of the
Poor held a meeting yesterday after-
noon to consider further the plans for
the new colored almshouse. The sub-
committee did not complete its work,
and will hold another meeting to-mor-
row or Thursday before preparing a
report to the full committee. The
committee has practically adopted the
plan for the colored home and thinks
it can be provided for within the ap-
propriation, but several details are yet
to be seen to.

heavy timber having fallen on him and
badly mangled his hand and arm.

LYNCH LAW IN POLAND

Nationalists Execute One of
Three Socialists Who Mur-
dered Young Girl.

LODZ, RUSSIAN POLAND, April 22.—
Thirty Terrorists, armed with auto-
matic pistols held up a carriage in
Rokicln Street this evening, in which
a portion of the funds derived from
the government sale of spirituous liquor
was being transported to the bank.
The carriage was escorted by soldiers.
The Terrorists threw a bomb which de-
stroyed the vehicle, killed three of
the accompanying soldiers outright
and mortally wounded five more, as
well as the coachman and a government
employee who had the money in charge.
They secured \$2,000 and made their es-
cape.

Lynch law has been inaugurated by
the Nationalists to put an end to the
socialist outrages here. Having cap-
tured one of three Socialists who mur-
dered a fifteen-year-old girl, the Na-
tionalists took their prisoner to the
outskirts of this city, tried him, sen-
tenced him to death by hanging and
carried out the sentence.
Last week's victims of Nationalist
and Socialist fights totalled twenty-
three killed and fifty-seven wounded.
The majority of the casualties were
among the Socialists.

CITY HALL FILTHY, RENNOLDS SAYS

(Continued from First Page.)

advocated the ordinance, and they both
praised the ability and fidelity of
Mr. Pollard.

Mr. Wood, chairman of the Finance
Committee, earnestly advocated the
ordinance, and he read from a recent
message of the Mayor to show how
the work of the office is increasing,
and how successfully Mr. Pollard is
making the duties of the position.
The amendment of Mr. Dabney was
rejected, and the ordinance was adopt-
ed. Ayes, 17; noes, 2. Messrs. Turpin
and Satterfield alone voting in the
negative.

Cleaning of City Hall.

An ordinance to increase the pay
of Janitors at the City Hall provoked
discussion.

President Turpin said it was now
costing \$5,000 a year to clean the City
Hall, and Mr. Renolds declared that
he heard a man say he could take it by
contract for \$5,000 and make \$3,000
clear on his contract. Mr. Whitte
advocated the proposition, and Mr.
Washer moved to recommit to the Com-
mittee on Grounds and Buildings. Mr.
Rennolds moved to amend by providing
that the committee shall report on the
feasibility of letting the work out to
contract. The alleged condition of the
hall was sharply criticized by Mr. Ren-
nolds, and he declared emphatically
that he had rarely attended a commit-
tee meeting that he did not find dust
on the floor sufficient to soil one's
hands quickly.

Mr. Rennolds withdrew his amend-
ment, and there was further discussion
of the subject. Mr. Washer's motion
was adopted.

Mr. Rennolds renewed his motion,
and he said that all he was after was
to get the hall clean.

"It has been a filthy place ever since
I have been here," he said, "and I want
to get it clean."

The motion of Mr. Rennolds was lost.
Mr. Adams called up the ordinance
increasing the pay of the street cleaners
in the engineer's department from \$1.75
to \$2 per day. The Board concurred in
the ordinance.

Mr. Adams then called up the police
salary increase ordinance and moved
to strike out the cap on the increase.

A number of other small increases were
made, but for the most part they applied
to laborers.

Lighting of Streets.

Mr. Gunn called up the report of the
Finance Committee with reference to
lighting the streets during the James-
town Exposition. The original resolution,
as offered in the Council, provided for
the appropriation of \$10,000. The com-
mittee reported \$1,000. Mr. Gunn took
the floor and earnestly advocated the
original proposition. He said it was ab-
surd to talk about lighting the city for
\$1,000, and said the city could invest the
amount in candles and do as well. He
moved to recommit to the Committee
on Light and Electricity.

Mr. Dabney moved as a substitute that
the sum of \$7,000 be appropriated, and
he made an earnest appeal for this
amount. Mr. Gunn drew his motion
back, and he recommended the follow-
ing amendment of Mr. Dabney. Later Mr.
Gilman suggested \$5,000, and Messrs.
Dabney and Gunn accepted this amount
as satisfactory. Mr. Washer moved to
add \$1,000 for Fulton.

tute in Truck Company No. 2, on

MEASURE REDRAWN.

Friends of Burglar Alarm Ordinance
Anticipate No Opposition.
The meeting of the Council Com-

mittee on Electricity to-night will be
particularly interesting, in view of
the consideration of the burglar alarm
ordinance offered at the instance of
the Automatic Burglar Alarm Protec-
tive Company. When this ordinance
was passed by the Council about two
years ago it was voted by Mayor Mc-
Carthy. Since that time it has been
redrawn, and friends of the measure,
who are now confident that it will
pass with little or no opposition, de-
clare that every effort has been made
to meet all objections and safeguard
the interests of the city at every point.

The company desires to inaugurate
in Richmond its system consisting of
burglar alarms and supervision of
night watchmen and overhead sprink-
lers for use in case of fire. This sys-
tem is in operation in many cities
with notable success.

GETTING IN SHAPE.

Announcement Soon to Be Made
as to Electrolysis Matter.

The Council Committee on Electri-
city and Water held a joint meeting
last night and spent an hour on the
never-ending discussion of the sub-
ject of electrolysis. The session was
executive, and the committee-room
doors were barred against news-
men and all other callers.

"We can't tell you anything about it
now," said Chairman John Mann, "but
in a short time you and the public
will know all about it, for I am glad
to say we are now getting the whole
matter in shape for final settlement."
No other matter was considered by
the committee, and it was learned on
the outside that the question of
the employment of experts to deter-
mine the damage to waterpipes sus-
tained by the city from electrolysis,
was the branch of the subject dis-
cussed. Nothing definite was done, or
will be done, until Superintendent Bell-
more, of the Water Department, hears
further from the experts with whom
he is now in correspondence.

LORD BARRINGTON LOSES OUT AGAIN

Federal Supreme Court Decides
That Slayer of McCann Is
Guilty.

WASHINGTON, April 22.—In an
opinion by Chief Justice Fuller, the
Supreme Court of the United States to-
day dismissed the criminal case of
Frederick Seymour, alias "Lord" Bar-
rington, under sentence of death in St.
Louis on the charge of murdering
James P. McCann in the outskirts of
that city in June, 1903, in effect affirm-
ing the decision of the Supreme Court
of Missouri, thus sustaining the verdict
of guilty. The case has attracted much
attention, largely because of Barrington's
pretense of bearing an English
title, under which shortly before the
tragedy, with which his name was
connected, he married a young lady of
good family residing in Kansas City.
Barrington made a vigorous fight in
the St. Louis courts, contending that
his conviction was due to prejudice, and
the charge was sustained by proof.
William H. Taylor, three grandsons
decided against him, he brought the case
to the Federal Supreme Court on a
writ of error, contending that his trial
had not been fair.
